Streetsville, 15 Jan., 1942.

The Streetsville Council met on the above date in the Council Chamber at 7.30 p.m., pursuant to notice given, to hear all parties interested in the proposed by-law for the closing of a portion of Maiden Lane.

Present: C.E. Cantelon, Wm. Potts, J.M. Tindale, W.C. Arch, H.F. Godard. Mr. Cantelon presided.

The regular order of business was suspended for the purpose of hearing representations regarding the proposed closing of part of Maiden Lane.

Mrs. Montemurro objected on the grounds that the road past her home, which would become a dead-end street might not be kept up properly, and also might invite a parking nuisance. At her request a letter was read from her husband stating that he had no objection to the proposed closing if his lot was no longer regarded as a corner lot.

Mr. Johnston believed that the closing would hurt the value of his property on Church Street, and suggested alternatively that the road be closed only for an hour before and after school, at recess and at noon hour. He claimed that children were no more in danger there than in sliding and chasing baseballs across Church Street, and during a much shorter period of the year, as the playground to the south of Maiden Lane is not always in use. He asked what plans the Public School Board had in mind for enclosing the grounds, and whether it was proposed to grade up Maiden Lane and make it to all intents and purposes a part of the school grounds.

There was a prolonged discussion.

By-law 822

By-law No. 822, being a By-law to provide for the closing of a portion of Maiden Lane to vehicular traffic, and for the erection of barricades to enforce the due observance thereof, received its first reading.

Moved by H.F. Godard, seconded by Wm. Potts, & carried:
That the second and third readings of By-law No. 822 be postponed to the regular February meeting of the Council, and a full attendance of the School Board be requested for the purpose of clearing up certain points on which the Council is in doubt.

Letters from Al. Ryckman, the Ont. Good Roads Association, and the Ontario Municipal Association were read. No action taken on any.

It was decided to leave all bills and other general business to the next regular meeting of Council.

At 10.45 the meeting on motion adjourned.

Arrangements for the drain were made by Mr. Rutledge on behalf of the Creamery, and the money was turned over to the Creamery, not to the Town, and used to defray the expense of constructing the drain. These users of the drain were regarded as tenants of the Creamery, the drain being a Creamery project, and the Council of that date did not in any way enter into the arrangements. Furthermore, by the accounts of Mr. Rutledge and Mr. Elderfield, Mr. F. Lepofsky was mistaken in assuming that any town water emptied into this drain. The Clerk was instructed to bring these facts to the attention of Mr. Lawrence, to ascertain what had been the nature of the settlement of the Dawson claim, and to report to the next meeting of Council as to the position of the Village in the matter.
